

GreenClean®

ALKALINE CLEANER

DANGER – PELIGRO

KEEP OUT OF REACH OF CHILDREN • READ LABEL BEFORE USE

FIRST AID

If swallowed	Rinse mouth. Do not induce vomiting.
If on skin or hair	Immediately take off all contaminated clothing. Rinse skin with water.
If inhaled	Remove person to fresh air and keep comfortable for breathing.
If in eyes	Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a poison control center or doctor.

PRECAUTIONARY STATEMENT: Keep in original container. Do not breathe spray. Wash hands, forearms and face thoroughly after handling. Wear protective gloves, protective clothing, eye protection, and face protection. Wash contaminated clothing before reuse. Absorb spillage to prevent material-damage. Dispose of contents/container to hazardous or special waste collection point, in accordance with local, regional, national and/or international regulation. For specific treatments see FIRST AID section on SDS.

GreenClean Alkaline Cleaner is a high alkaline, heavy duty foam detergent containing a balanced blend of chelants and surfactants for effective removal of the toughest soils. An excellent detergent that produces thick, rich foam for extended contact time to remove soils in all types of food production facilities, dairy, beverage, poultry, agricultural, horticultural and other general industries wherever scale, oxide or lime build up is a problem. Use to remove whitewash from greenhouse glass. Can be used for neutralization of alkalinity in hoses, lines and cleaners. May be sprayed, circulated or used in soak tanks. **Not recommended for use on soft metals and painted surfaces.**

DIRECTIONS FOR USE: Dilute 4–8 fl. oz. of GreenClean Alkaline Cleaner per gallon of water and apply to soiled surfaces. Allow cleaner to dwell for 10–15 minutes and rinse away detergent and soils with clean water. Following rinse, use SaniDate 5.0 according to label directions to disinfect hard surfaces and equipment.
